Experience

Claims Adjudication - 11/2016 to 05/2020

Accenture Pvt Ltd, Chennai. (CDC5)

- Analyzing and reviewing incoming healthcare claims for accuracy and completeness.
- Entering claim data into the adjudication system accurately and efficiently. Adhering to regulatory requirements and organizational policies throughout the claims processing workflow.
- Evaluating claims against established medical policies, guidelines, and contractual agreements to determine coverage and payment amounts. Investigating and resolving complex claim issues, such as duplicate claims, coordination of benefits, and billing errors.
- Maintaining accurate and complete records of claims processing activities, decisions, and communications. Generating reports on claims processing metrics, such as turnaround time, denial rates, and payment accuracy. Contributing to the development and maintenance of standard operating procedures and policies related to claims adjudication.

Banking Operations - 06/2020 to Till Date

Accenture Pvt Ltd, Chennai. (CDC5)

- Collecting and reviewing loan application documents and verifying their accuracy and completeness. Ensuring compliance with regulatory requirements, internal policies, and lending guidelines. Creating and assembling loan documents, such as promissory notes, loan agreements, security documents, and disclosure statements.
- Reviewing loan terms, conditions, and requirements to ensure accuracy and adherence to lending policies. Analyzing loan documentation for potential risks and identifying any discrepancies or issues that require resolution. Collaborating with loan officers and underwriters to address any concerns or modifications related to loan terms.
- Organizing and maintaining loan documentation in accordance with established filing systems and procedures. Ensuring the secure handling and storage of sensitive and confidential loan documents.
- Conducting quality checks on loan documents to ensure accuracy, consistency, and adherence to established standards. Performing audits or reviews to identify any potential errors, omissions, or deficiencies in loan documentation.
